This month, students in Ceramics 1 and II created a bust for the prom this year in honor of the theme “Night at the Museum. During this challenging project, they are learning about proportions, form, volume and mass. This is AP Studio Art and students are learning about figure drawing. (A figure drawing is a drawing of the human form in any of its various shapes and postures using any of the drawing media.) Adam Hernandez was gracious enough to volunteer.

Our PEARLS and advisors from Kathleen High School, Gateway High School, Rochelle SOTA and Crystal Lake Middle were joined by Ms. Angela representing the PEARLS Leadership Institute's program at Westwood Middle. Together, we are "Girls in action, ready for the world, ready to compete...."

Our theme this year is PEARLS BOSS, an acronym for Pretty Elegant Achievers Reaching higher Levels of Success, Building Opportunities to Serve Selflessly. This year's curriculum is geared to helping PEARLS develop their dream into a business endeavor on each campus that will culminate in a year end Shark Tank style retreat. In addition to our bi-weekly campus meetings, our PEARLS are also provided the opportunity to gain insight from guest speakers on a monthly basis through our BOSS Series. PEARLS hosts the BOSS Series for PEARLS members and other interested girls on the last Thursday of each month from 6:30 PM to 8:00 PM at Simpson Park Community Center.

The Human Side of Engineering

Six CFAA Engineering students were special guests at the American Institute of Aeronautics and Astronautics (AIAA) SciTech Forum in Orlando on Wednesday, January 10th. The students met several former astronauts, the Director of AIAA and the Director of Langley Research Center. They were also able to speak individually with many leaders in the aerospace industry. Representatives from Aurora, ULA, Boeing, Lockheed Martin, Northrop Grumman, Pratt-Whitney, Air Bus and Honda Jet took time to speak with our students. It was an unbelievable opportunity for our students to experience a professional organization forum and to learn about the importance of networking.

Our students also competed against college engineering students to design a container used to protect a payload from a fall. They finished in second place; congratulations.

The students are pictured here (from left to right) with the Director of the AIAA, their instructor Joel Bresler, Carter Brown, Michael Mullens, Kristin Clements, Katie Esker, Daniel Smith, Scottie Larson and former astronaut Sandy Magnus.
