### Message From The Principal

Through all of the hard work and training, we are getting close to where we need to be. I am looking for invitations to your classrooms to see the following:

1. Purposeful Task
2. Target Task Alignment
3. Mini Lessons
4. Teaming

I look forward to see you all this week.

I look forward to being in your classes this week.

B GREAT!

I am glad I am on your team.

---Mr. Jackson

### LSI News

Be sure to check out Growth Tracker for resources if you get stuck with a technique. If you haven't looked lately there are many great pieces that can help enhance your lessons.

Check out the Technique "Learning Targets and Success Criteria". You will find the planning resource a useful document when beginning to plan SC for students. Are you looking to team more efficiently? If so, check out the Ignite Technique "Team Talk" or Team Verify". The tool is in Growth Tracker and the resources are there as well. If you need assistance with pieces reach out to a peer, admin, coach or the LSI staff.
